

PC015 MINI-PRECISION CURRENT TRANSFORMERS

OVERVIEW

The PC015 series are mini-precision current transformers. The CT is Small size and low cost.

APPLICATIONS

Energy and sub-metering products
Electrical load monitoring
Network equipment
Instruments and sensors
Control systems
Go GREEN initiatives

FEATURES

0.512" window opening (ID)
Custom design Turns-Ratio available
Rigid housing case with UL 94V-0 durable plastic
6ft black/white PVC wire leads—26~24AWG
Approximate weight 25g

SPECIFICATIONS

Standard Input Current 0.1-70A
Frequency 50Hz — 400Hz
Standard accuracy 0.2, 0.5,1
Insulation Voltage 4000 Vac/1min
Operating Temp. -40°C to +65°C
Storage Temp. -45°C to +85 °C

ELECTRICAL SPECIFICATIONS

MODEL	INPUT CURRENT	AVAILABLE OUTPUT
PC015-30	30 A	CURRENT OUTPUTS @ 10mA, 20mA,30mA,40mA, 50mA, 70mA can be customized by customer)
PC015-50	50 A	
PC015-60	60 A	
PC015-70	70 A
