

## PCO13 MINI-PRECISION CURRENT TRANSFORMERS

### OVERVIEW

The PCO13 series are mini-precision current transformers. The CT is Small size and low cost.

### ELECTRICAL SPECIFICATIONS

MODEL	INPUT CURRENT	AVAILABLE OUTPUT
PCO13-50	50 A	CURRENT OUTPUTS @ 10mA, 20mA, 30mA, 40mA, 50mA, 100mA can be customized by customer)
PCO13-60	60 A	
PCO13-80	80 A	
PCO13-100	100 A	

### APPLICATIONS

Energy and sub-metering products
Electrical load monitoring
Network equipment
Instruments and sensors
Control systems
Go GREEN initiatives

### FEATURES

0.512" window opening (ID)
Custom design Turns-Ratio available
Rigid housing case with UL 94V-0 durable plastic
6ft black/white PVC wire leads—26~24AWG
Approximate weight 46g

### SPECIFICATIONS

Standard Input Current 0.1-100A
Frequency 50Hz — 400Hz
Standard accuracy 0.2, 0.5, 1
Insulation Voltage 4000 Vac/1min
Operating Temp. -40°C to +70°C
Storage Temp. -45°C to +85 °C
